RE: Trailmark Subdivision Jefferson County, Colorado

To Whom All it May Concern,

By intergovernmental agreement with the City of Littleton, the West Metro Fire Protection District (WMFPD) is the primary responding fire agency for the above subdivision. WMFPD is a fire agency with an Insurance Services Office (ISO) dual rating of 3/9. WMFPD Station 14 is located at 10305 West Chatfield Avenue and is less than five miles away from all properties within the subdivision. No properties in the subdivision are farther than 500 feet from a fire hydrant. These parameters meet the criteria for Trailmark to be a 3 rated response area as covered by the West Metro Fire Protection District.

Trailmark Subdivision homeowners are encouraged to present this information the homeowner's insurance company as this may influence a positive change in insurance ratings.

This information is valid for the entire subdivision of Trailmark situated in Jefferson County, Colorado.

Sincerely,

John Mullin, Chief
Littleton Fire Rescue
